

"Zareinu is the only place other than home where people see beyond my son's disabilities and treat him like a person. He's so excited to go to school every day."

BAYLEEE LEVY,
Parent

A child who can't walk takes a first, tentative step. A child who can't speak learns to say 'I love you'. These are the kinds of miracles that happen at the Zareinu Educational Centre.

Zareinu is a Jewish day school offering therapy and special education for children with physical and developmental challenges. It has programs for infants and preschoolers, a junior and senior kindergarten and an elementary school-age program. Zareinu also has a class specifically designed to help non-verbal children find alternate ways of communicating. Sign language, picture symbols and other techniques give a voice to an otherwise speechless child.

Within the school's programs, children receive one-on-one treatment and participate in group activities. Each day, children laugh, play and learn in a setting steeped in Jewish tradition.

The Zareinu Educational Centre was established in 1989 and has become a world-class organization, recognized for its cutting-edge therapies and learning strategies. Parents work hand-in-hand with a team of dedicated professionals to develop the best program for their child.

"Mornings were particularly bad. My son had difficulty following a basic routine. A Zareinu therapist started coming to our house every morning. By the end of the week, he had our son waking up, getting dressed and going off to school."

SYLVIE SILVERSTEIN,
Parent

Zareinu's multi-faceted group of specialists includes:

- *program assistants* • *physiotherapists*
- *speech and language pathologists* • *life skills interventionist* • *music therapists*
- *social worker* • *occupational therapists*
- *infant interventionist* • *communication therapists* • *special education teachers*
- *child and youth worker* • *developmental psychologist* • *autism resource worker*
- *developmental service worker*

Zareinu inspires its children to strive towards their maximum potential. It helps kids gain independence and brings hope, success and accomplishment into their lives.

Yes, I want to make a donation to the Zareinu Educational Centre.

Zareinu acknowledges the generous support of the United Jewish Appeal, The Jewish Federation of Greater Toronto, and its Endowment Fund.

ZAREINU

"My eyes filled with tears ... Here was Alana and the other children lighting the Chanukah candles, making a blessing over the bread, giving to charity by trying to hold a coin and drop it through a tiny slot in a container."

**JEFFREY CUTLER,
Parent**

The children who come to Zareinu are among the most vulnerable in our community. They deserve the kind of nurturing and care that Zareinu provides.

Zareinu is privately funded. No child is ever turned away because the tuition is unaffordable. We depend on donations from our community.

Help us take care of our children.

Please give to Zareinu.

Call: (905) 738-5542

**"At Zareinu,
not every
child can
speak. But
that doesn't
mean they
can't say
I love you."**

**CAROL GOLDMAN,
Principal,
Zareinu Educational Centre**
